

Discussion

An Introduction to NCATS Public Resources and Analytics for Rare Diseases, Targets, Drug Substances, and Analytes

Session Number: W20

Ewy Mathé PhD, Qian Zhu PhD, Timothy Sheils, Keith Kelleher PhD

National Center for Advancing Translational Sciences

#AMIA2023

Let's make this interactive

All workshop materials can be found here:

<https://shorturl.at/kvzIZ>

Some installation prerequisites for RaMP-DB:

<https://shorturl.at/bgqrQ>

Provide your comments/thoughts here:

<https://shorturl.at/sS138>

Discussion

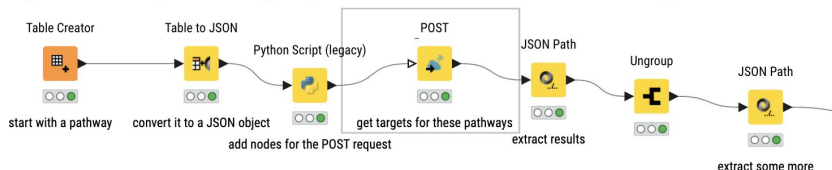

Add discussion questions to the shared document

<https://bit.ly/47r8XJ0>

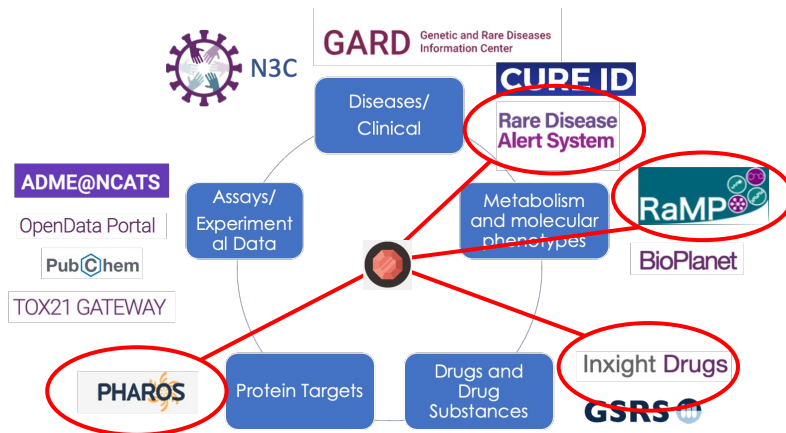

Example workflows

Starting with a pathway, query RaMP for related genes

<https://bit.ly/3swMr2f>
